

ANGELS ARMOIRE

TAGGING GUIDELINES

Tips to Help Your Items Sell Better:

- Clothes that are clean, pressed, and smell fresh, with buttons and zippers closed, look newer & generally sell better. Closing buttons will keep them from being torn off by other hangers that get caught in them, and having zippers fastened allows the item to hang properly on the hanger.
- Sets tend to sell better (under size 10) than separate items, so match up separates if you can.

How to Tag:

- **1. Clothing must be on white plastic hangers.** After you have brought items in on WHITE plastic hanger and clip hangers, you will be able to use Angels Armoire hangers as needed as you sell items. Hang with the hanger hook pointing to the left (see picture), place tag vertically on the right shoulder. Childrens size 6 and smaller work best small plastic hangers.

- On larger clothing items, such as Formal dresses and coats, please secure them with safety pins if they have a tendency to fall off the hanger. Your items won't sell if they're on the floor!
- Pin **sets** securely together by hanging the shirt first, then turn the hanger over and pin the pants by the waist (see picture) to the backside of the hanger, with the pin catching the hanger to support the pants. Both pieces can be viewed without unpinning them. Pants hung on a separate hanger tend to come off the hanger and then get separated from the top.
- Pants or shorts sold alone should be hung as the picture shows, CLIPPED at the waist, or on clear plastic pant hangers with clips. You may also use pant hangers that have clips.

- Place your tag inside the right shoe and secure shoes together if possible. Place a sticker with your consignor number on the bottom of a shoe in case the tag gets lost.
- Place jewelry in clear plastic Ziploc bag with tag inside the bag.

On the index card please provide the following info:

Top left: consignor #

Top right: Gender and size

Then Item description under that.

Place tag on clothing as shown in picture

Here is a sample photo from a local consignment sale...Note that they left a nice size cutting line at the top (come sale time we will be removing the tag and it would be nice to be able to cut off the tag instead of having to take the pin off)
